

CAR ROBBED
L. E. Rowell of Los Angeles reported to police Sunday that his car had been entered while it was parked at Torrance beach last Saturday night and a small purse, containing his pay check, and a pair of binoculars taken.

Steinhilber Now Building Home

Frank H. Steinhilber has started construction of an eight-room stucco residence and double garage at 1329 Arrington avenue. The home will cost \$6,500, according to a record of the building permit issued this week. Other permits taken out at the city engineer's office were:

James Livermore, repairs to a residence at 2231 Andreo avenue, \$175, and Gerald L. Alter, of 2022 Cabrillo, for a four-car garage at 2028 Border avenue, \$400.

Jr. Chamber Suggests Parking Regulations

Limiting the parking of automobiles to one side of the street on such narrow roadways as Amapola and Sierra streets was recommended to the city council by the Junior Chamber of Commerce Tuesday evening. The recommendation was made orally by John Elder, president of the junior chamber.

Hospital Given Honor Rating for 11th Year

Official announcement was made in Chicago Monday that Torrance Memorial hospital was again included in the 1940 list of 2,806 approved hospitals in the United States and Canada to receive the complete endorsement of the American College of Surgeons. The announcement, made at the 23rd annual Hospital Standardization Conference was received with much appreciation by the local hospital board and Miss Esther Z. Maxwell, superintendent of the institution since

it opened in February 1925. This was the 11th consecutive year that the Torrance hospital has been so honored by the College. In making the announcement, Dr. Irvin Abell of Louisville, chairman of the board of regents, and head of the advisory committee on health recently appointed to assist the Council of National Defense, declared:

"Health is always an important essential to the well-being of nations, and in a time of gearing for defense it is a vital issue. Hence the fact that we have 2,806 hospitals in the United States and Canada that are fortresses of defense against disease and disablement, because they are adequately armed and manned for the type of battle in which they are engaged, should give our people and our governments assurance that in this field we are well embarked on a preparedness program. Yet since the approved hospitals represent not quite half of the total number, there is no occasion for complacency, but rather for intensified effort to improve hospitals generally."

Dr. Malcolm T. MacEachern, associate director of the college and in charge of its hospital activities, called attention to the fact that in less than a quarter of a century the number of approved hospitals has grown from 89, the total on the first list issued in 1918, to 2,806, which is evidence of remarkable progress, and added:

"Ten million people were cared for in our hospitals last year, meaning that one out of every 12 individuals in the United States and Canada was at some time during 1939 in a hospital. Three million underwent major surgery. More than one million, or half of all births, occurred in hospitals. That is why communities and medical profession are concerned about the standards of hospitals, since so many lives are entrusted to their care. Hospitals are engaged in a never-ending conflict against disease and death, and we must strengthen the fortifications to enable them to cope with the increasing problems incident to conscription in the United States and war service in Canada. The Minimum Standard can with the help of the community be met by every hospital that is conscientiously trying to serve its patients. The requirements, briefly stated, are:

1. Modern physical plant, assuring the patient safety, comfort, and efficient care.
2. Clearly defined organization, duties, responsibilities, and relations.
3. Carefully selected governing board with complete and supreme authority.
4. Competent, well trained superintendent responsible to the governing board.
5. Adequate and efficient personnel, properly organized and competently supervised.
6. Organized medical staff of ethical, competent physicians and surgeons.
7. Adequate diagnostic and therapeutic facilities under competent medical supervision.
8. Accurate, complete medical records, readily accessible for research and followup.
9. Regular group conferences of the administrative staff and of the medical staff for reviewing activities and results so as to maintain a high plane of scientific efficiency.
10. A humanitarian spirit—the primary consideration being the best care of the patient."

Death of Mrs. Torrance, Widow of City Founder, Ends Splendid Career

(Continued from Page 1)

Members of the parish of St. Andrew's Episcopal church in Torrance will recall that Mrs. Torrance provided the funds for the erection of the attractive belfry tower which graces that edifice. Among her other gifts to the community was a substantial contribution to the building fund of the Torrance Woman's Club.

Tribute by Miss Maxwell
Sixteen years of close association with Mrs. Torrance gave Miss Esther Z. Maxwell, superintendent of Torrance Memorial hospital, a lasting appreciation of her sterling character. In tribute to her friend and counselor, Miss Maxwell said:

"I shall greatly miss the gracious and deep interest Mrs. Torrance took in the hospital. Her generosity paved the way for many improvements to our institution and her loyalty to me during months of ill-health made her very dear.

"I feel a great personal loss in Mrs. Torrance's death. She was a person of wonderful understanding—not only of people but of hospital management. Possessed of rare humility, her generous deeds covered many fields and benefited many individuals. All of us

who knew Mrs. Torrance will remember her devotion to her home, our community and her gay, friendly spirit."

Pasadenan's Tribute
Expressive of her gay spirit and one which added meaning to friendship is a tribute written this week by a friend in Pasadena, which reads as follows:

"Mrs. Torrance was a person of wide influence in Pasadena. Her spirit was felt in her church, her home, her clubs and among her host of friends. Those who gathered at the Valley Hunt Club in the early summer of 1940 at a party she gave to honor her children and grandchildren will never forget the picture she made dancing the Lambeth Walk with the young people.

"All her Irish merriment, all the sweetness of her nature, all her constant desire to share her happiness with those whom she loved, was there in evidence. Friends of half a century or friends of a few months, only—all know that life will be less beautiful because of the passing of Helena Torrance."

Parents Both Irish
Mrs. Torrance was born at Lima, N. Y. Nov. 10, 1888. Her father was Daniel Heney and her mother Margaret Heney, both of Belfast, Ireland. In 1876, Mr. and Mrs. Heney moved to San Francisco, where in 1901 their daughter, Helena, married Frank Childs. Mr. and Mrs. Childs later moved to Pasadena. Frank Childs died in 1907. Later, in 1914, Mrs. Childs married Jared Sidney Torrance, who died in 1921.

Mrs. Torrance leaves two children, a son, Herbert B. Childs, and a daughter, Mrs. Royden Osburg, both of Pasadena; a sister, Mrs. Sara Ruddick, of San Francisco; two grandsons, William Childs Osburg and Herbert B. Childs, Jr., a granddaughter, Mrs. John L. Lamb of Palm Springs, and a great-granddaughter, Libby Lamb.

Moneta Water Co. To Furnish Water For Tree Irrigation

A letter of thanks from the city council was directed sent to L. P. Stephenson, secretary-treasurer of the Moneta Water Company, in response to the company's offer to furnish water at the rate of ten cents per 1,000 gallon tank load for irrigating young trees set out by the City Department of Public Works along 182nd street in North Torrance. Stephenson in his letter to the council Tuesday night said he was glad to cooperate with the city in this work of beautifying its streets.

The trees were propagated in the city yard, according to Councilman J. E. Hitchcock. Other matters disposed of at the council meeting included:

Payment of \$281.99 to the Associated Engineers as commissions on delinquent taxes collected under the 1915 Bond Act; Appropriation of \$403.29 for the purchase of 800 feet of cast iron pipe for the Municipal Water Department; Appropriation of \$110 for the purchase of culvert pipe to be laid in North Torrance; and Provision for erection of a fence between the County Health Center building and the newly acquired city park site at the junction of Carson and Plaza del Amo streets, the cost of the fence not to exceed \$175.

Council Adopts Memorial to City Benefactor

A request that two large pepper trees be removed in front of his property at 1724 and 1728 Martina avenue was addressed to the city council Tuesday evening by Frank Ackerman, who complained of the trees darkening the houses and causing a nuisance by falling leaves. Councilman J. E. Hitchcock voiced objection to removal of the trees, stating that they were among the largest in the block, and that if Ackerman's request were granted, others might want other trees removed. Hitchcock proposed that the trees be trimmed and after some discussion by other council members, it was decided to leave the decision up to the committee of the whole after inspection of the property at 4:45 p.m. on Monday, Oct. 22.

Steel Workers' Credit Union Aids Draffees

Directors of the Columbia Steel Employees Credit Union this week decided to waive interest on unpaid balance of loans granted men who may be drafted for Army training during their period of government service, according to Stewart Holland, secretary.

Soap Causes Smoke But No Fire Last Night

An excellent batch of special soap that cooked dry, accompanied by a lot of smoke caused a fire alarm last night and two trucks rushed to Ray's Beauty Salon at 1302 Sartori avenue where firemen lifted the smoking pan off an electric heater. Mrs. Tot Burton, operator there, forgot the mixture was cooking when she left the shop. Miss Pauline Ray, owner, returned to the salon just in time to admit the firemen.

FIREMEN TO MEET
Torrance firemen will be hosts to the Harbor District Firemen's Association tonight. Following a business meeting at the central fire station, the local department will serve hot dogs, pie and coffee to their guests.
